

VISHWA CLEANROOM PRIVATE LIMITED

- Turnkey Projects for all cleanroom needs
- Complete turnkey project solutions for pharma, laboratory, and hospital sectors.

INTRODUCTION

Serving customer for the past 30+ years in various industries, we are a one stop solution right from Planning, Design, Production, Site Installation & Validation for laboratory, cleanroom and HVAC turnkey project solution.

OUR MANUFACTURING CAPABILITIES INCLUDE:

- All Types Of Laboratory Turnkey Project Solution.
- Cleanroom Solution.
- Puff Panels.
- All Types Of Metal GMP Doors.
- Walkable & Non-Walkable Puff Ceiling.
- Glass View Panels.
- Pass Box, Cross Over Batch, Storage Cupboard and many more items as per project needs.

INDUSTRIES WE SERVE TO:

Pharmaceutical Manufacturing, Chemical Manufacturing, Hospitals, Food manufacturing units, Solar, AeroSpace, Semiconductor, R&D Centers, Educational labs and all types of industrial customize needs.

Our commitment is to deliver Quality product in a time bound manner following the industries best practices. With a experienced team members, we offer a comprehensive range of cleanroom, HVAC and laboratory turnkey project solution. We understand the critical role CleanRoom+HVAC play in your operations and we are committed to providing reliable, customized solution that meet your specific needs.

OUR TEAM:

- Core Management 10+ Team Members.
- Project Planning & Design 10+ team members.
- Production 35+ Team members.
- Installation 75+ Team Members.
- Validation 10+ Team Members.
- 350+Cr Turn Over Group Of Company.
- Our Existing Customer including India's Best company & Overseas companies

CLEANROOM, HVAC, LAB FURNITURE

INDUSTRY WE CATER

We serve diverse industries with customized cleanroom and lab furniture solutions, backed by our SS furniture manufacturing capability, ensuring quality, reliability, and timely delivery aligned with industry best practices.

1 **Pharmaceutical Manufacturing**

5 **Chemical Manufacturing**

2 **Hospital**

6 **Food Processing Manufacturing**

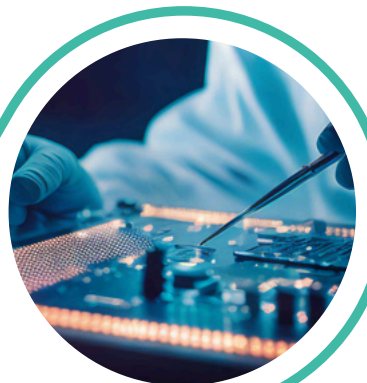

3 **Solar Panel Manufacturing**

7 **Aerospace Industry**

4 **Semiconductor and Electronics Manufacturing**

8 **R&D Centers and Educational labs**

VISHWA CLEANROOM PRIVATE LIMITED

is a leading service provider specializing in **HVAC SYSTEMS, CLEANROOMS, AND LABORATORY SETUPS.**

We offer turnkey solutions for pharmaceutical, laboratory, and hospital projects, including

HVAC SYSTEMS, CLEANROOM PROJECTS, LABORATORY FURNITURE, AND STAINLESS STEEL (SS) FURNITURE.

TURNKEY SERVICES

Complete Lab Infrastructure from Start to Finish

We offer end-to-end turnkey solutions to bring your lab vision to life—right from design to execution. Our expert team manages every detail to ensure your facility meets regulatory standards, is operationally efficient, and future-ready.

HVAC SYSTEMS

We design and implement high-efficiency HVAC systems tailored for labs ensuring precise temperature, humidity, and particulate control across cleanroom and general lab environments.

LABORATORY PARTITIONS

Our cleanroom partition systems offer a seamless and hygienic environment, using non-particle-shedding materials that support modular lab construction and easy maintenance.

GAS DISTRIBUTION SYSTEMS

Secure and reliable, our gas distribution solutions include central gas bank storage, pipeline networks, and safety shut-off mechanisms customized for specific laboratory gas requirements.

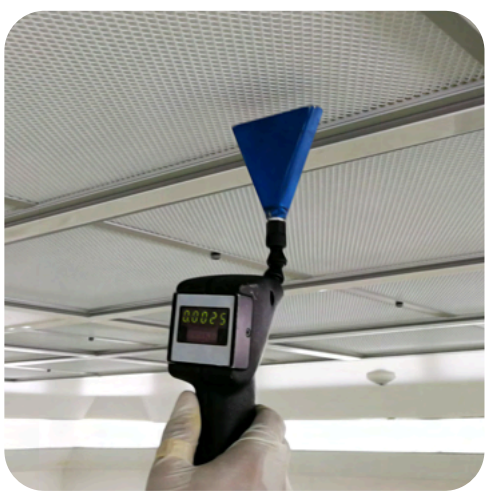

LAB FALSE CEILINGS

Engineered to support c eiling-mounted equipment, diffusers, and filters, our lab false ceiling systems ensure structural integrity and flexibility for lab infrastructure layouts.

LABORATORY INTERIOR WORK

Functional and aesthetic interiors including worktops, casework, storage units, and utility layouts—designed to support your workflow and safety needs.

LABORATORY AIR BALANCING

Precision air balancing services ensure optimal airflow in fume hoods, cleanrooms, and HVAC systems minimizing contamination and maximizing safety.

MISCELLANEOUS LABORATORY WORK

We handle all supplementary technical services essential for lab functionality:

Electrical: Power distribution, lighting systems, UPS setup, and integration of lab equipment.

Plumbing: RO/DI water lines, and drainage systems—all executed with safety-first protocols.

Every lab is unique, and so is our approach. With deep technical expertise and a commitment to quality, we ensure your lab is built to perform today and adapt to tomorrow. Partner with us for seamless execution from concept to commissioning.

VISHWA CLEANROOM

We provide extraordinary services in HVAC Systems, Cleanrooms,
and Laboratory turnkey projects all under one roof.

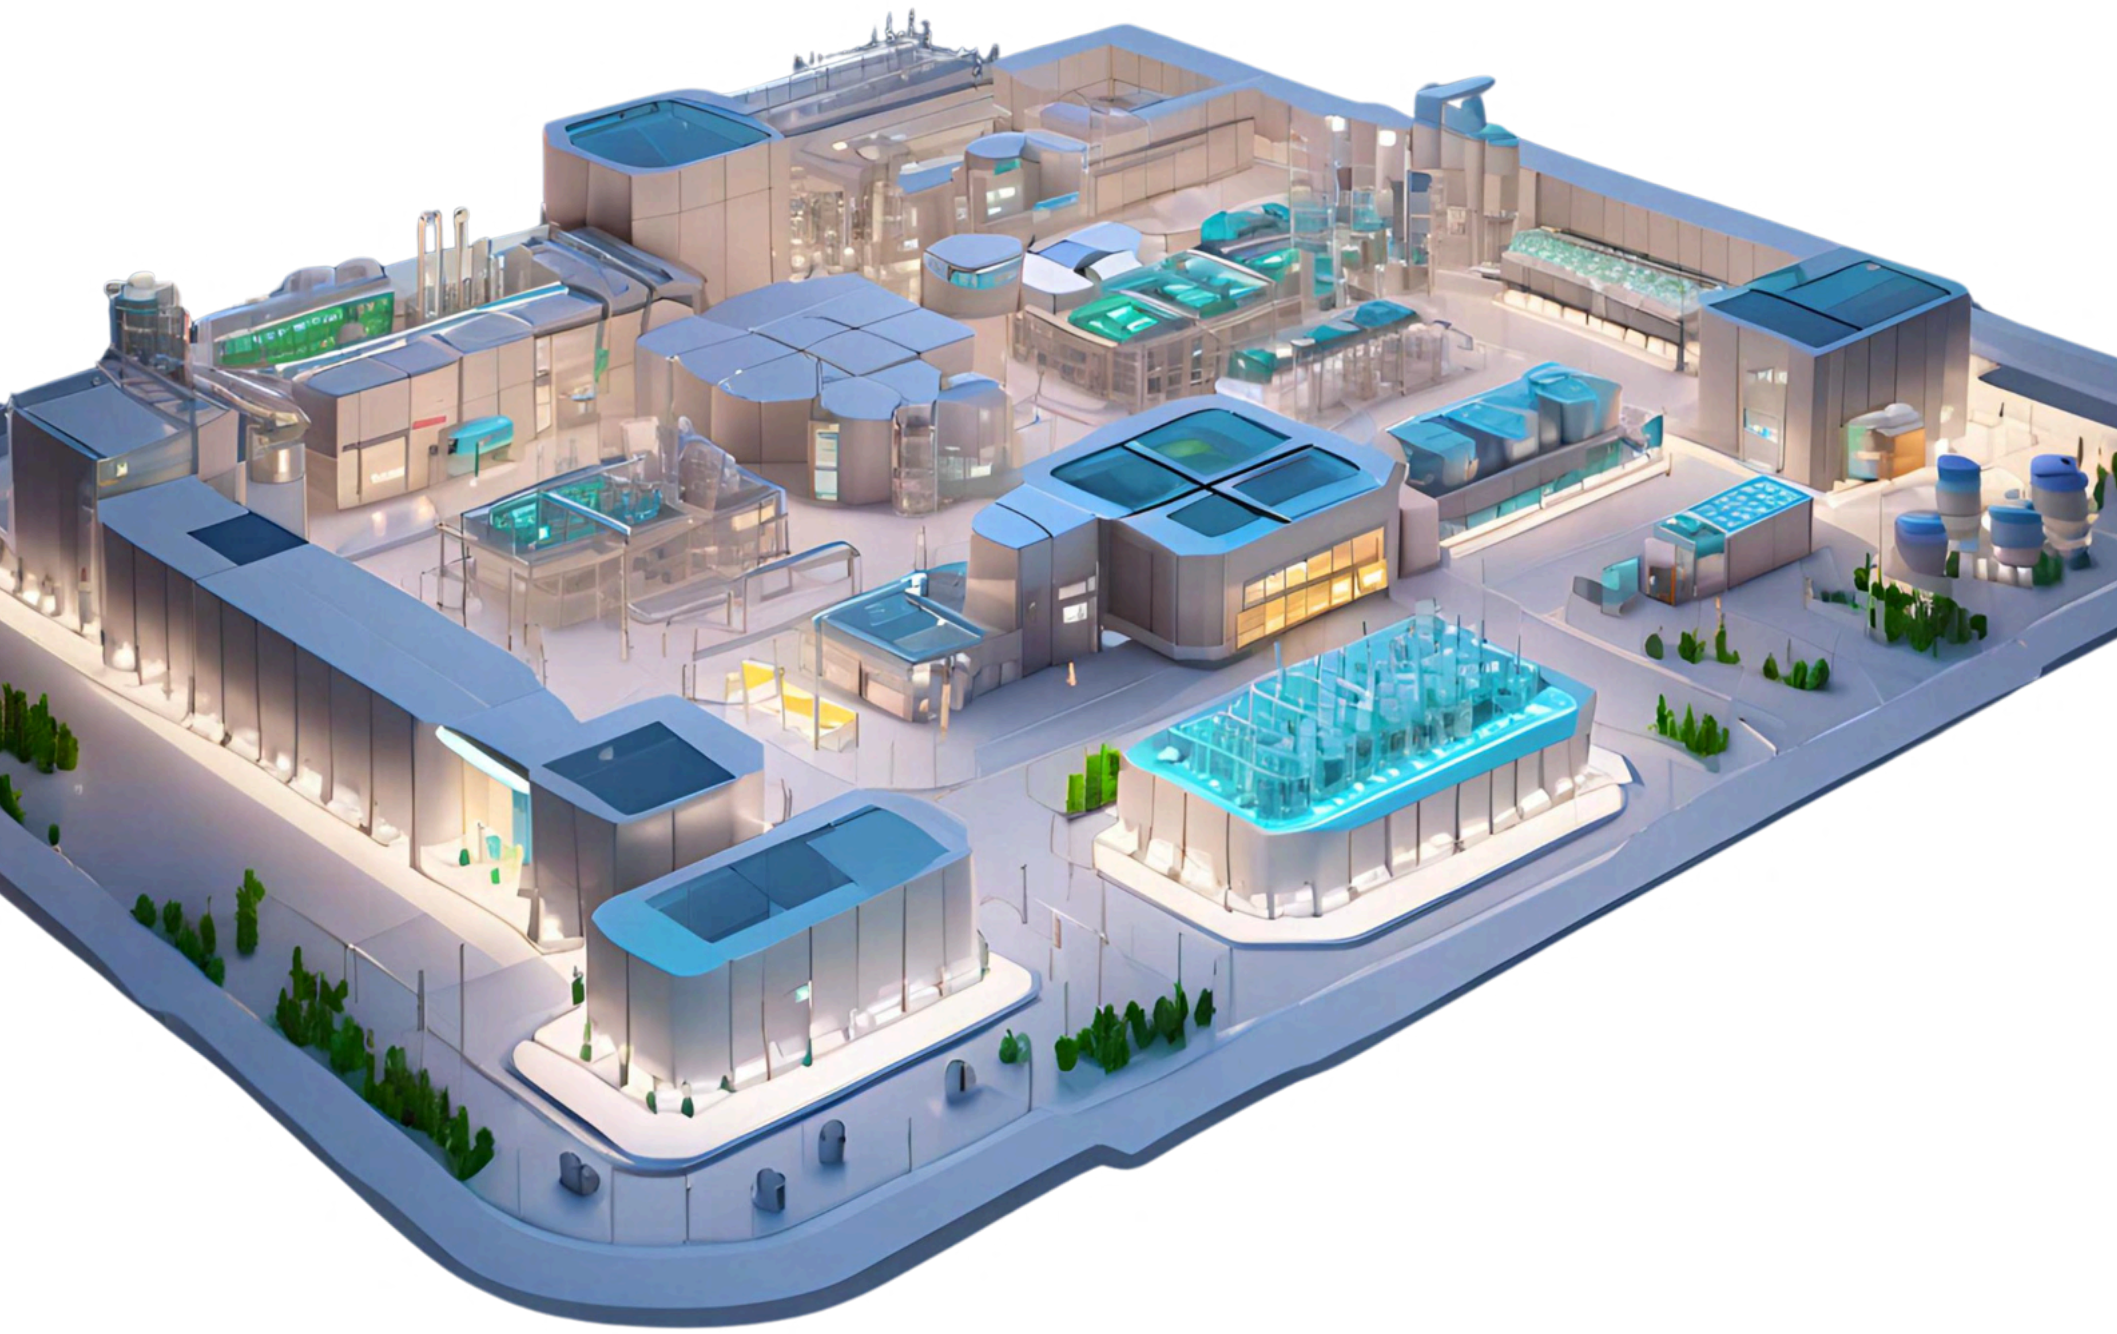

- Cleanroom PUF Panels
- SS/GI Panels
- Cleanroom PUF Ceiling
- Cleanroom Doors
- Emergency Exit Doors
- Fire/Selling Doors
- Reverse Laminar Airflow System
- Hepa Filters and Box
- HPL PUP Panels
- Air Shower Boosts
- Double Glass View Panels
- Biosafety Cabinets
- Dynamic & Static Pass Boxes
- Laminar AirFlow System
- Pharma SS Furniture's
- Laboratory Furniture
- Complete HVAC System
- Air Handling Units
- Chillers
- DX Condensing Units
- Ducting
- Validation Service

Complete turnkey project solutions for pharma,
laboratory, and hospital sectors.

BRINGING IDEAS TO LIFE

INITIAL ASSESSMENT

Vishwa Cleanroom begins each project by analyzing spaces and planning system distribution to provide a customized quote that aligns with your budget and needs.

DESIGN PHASE

Our technical team prepares a 3D layout that offers customers a realistic view of the entire project, giving them a clear preview of the result. This detailed visualization is essential for ensuring the design and installation phases stay on track.

CLEAN

PANELS & CEILING

01 Pre-painted Galvanized Iron (PPGI)

02 Powder-coated Galvanized Iron (PCGI)

03 High-pressure Laminate

04 Glass Panel Wall

05 Stainless Steel Wall & Ceiling

06 Load Bearing Ceiling

FEATURES

- Cost-effective & Removable & Re-locatable all panels
- Alternative To Conventional Construction Built To Drawing Layout, Minimal
- Alteration Required
- Fast And Easy Installation Pre-fabricated Cut-out
- For Utilities Flush Concept Highly Corrosive Resistance, Durable.
- Panel Thickness: 50mm/80mm/100mm/150mm
- Ceiling Thickness: 30mm/50mm Types: Walkable / Non-walkable

ROOM

HPL Doors

Powder Coated Door

Stainless Steel Door

Glass Door

Fully Flush Surface With A Wall System A Large Variety Of Swing-out Doors Manual/Semi-automatic & Fully Automatic Sliding Doors Best-in-class Door Hardware Custom Dimensions Available Heavy-duty Structure For High Durability

FEATURES

- Powder-coated Galvanized Iron (PCGI) Doors
- High-pressure Laminate (HPL) Doors
- Glass Panel Door
- Stainless Steel Doors

FIRE & EMERGENCY EXIT DOOR

COMMERCIAL DOORS

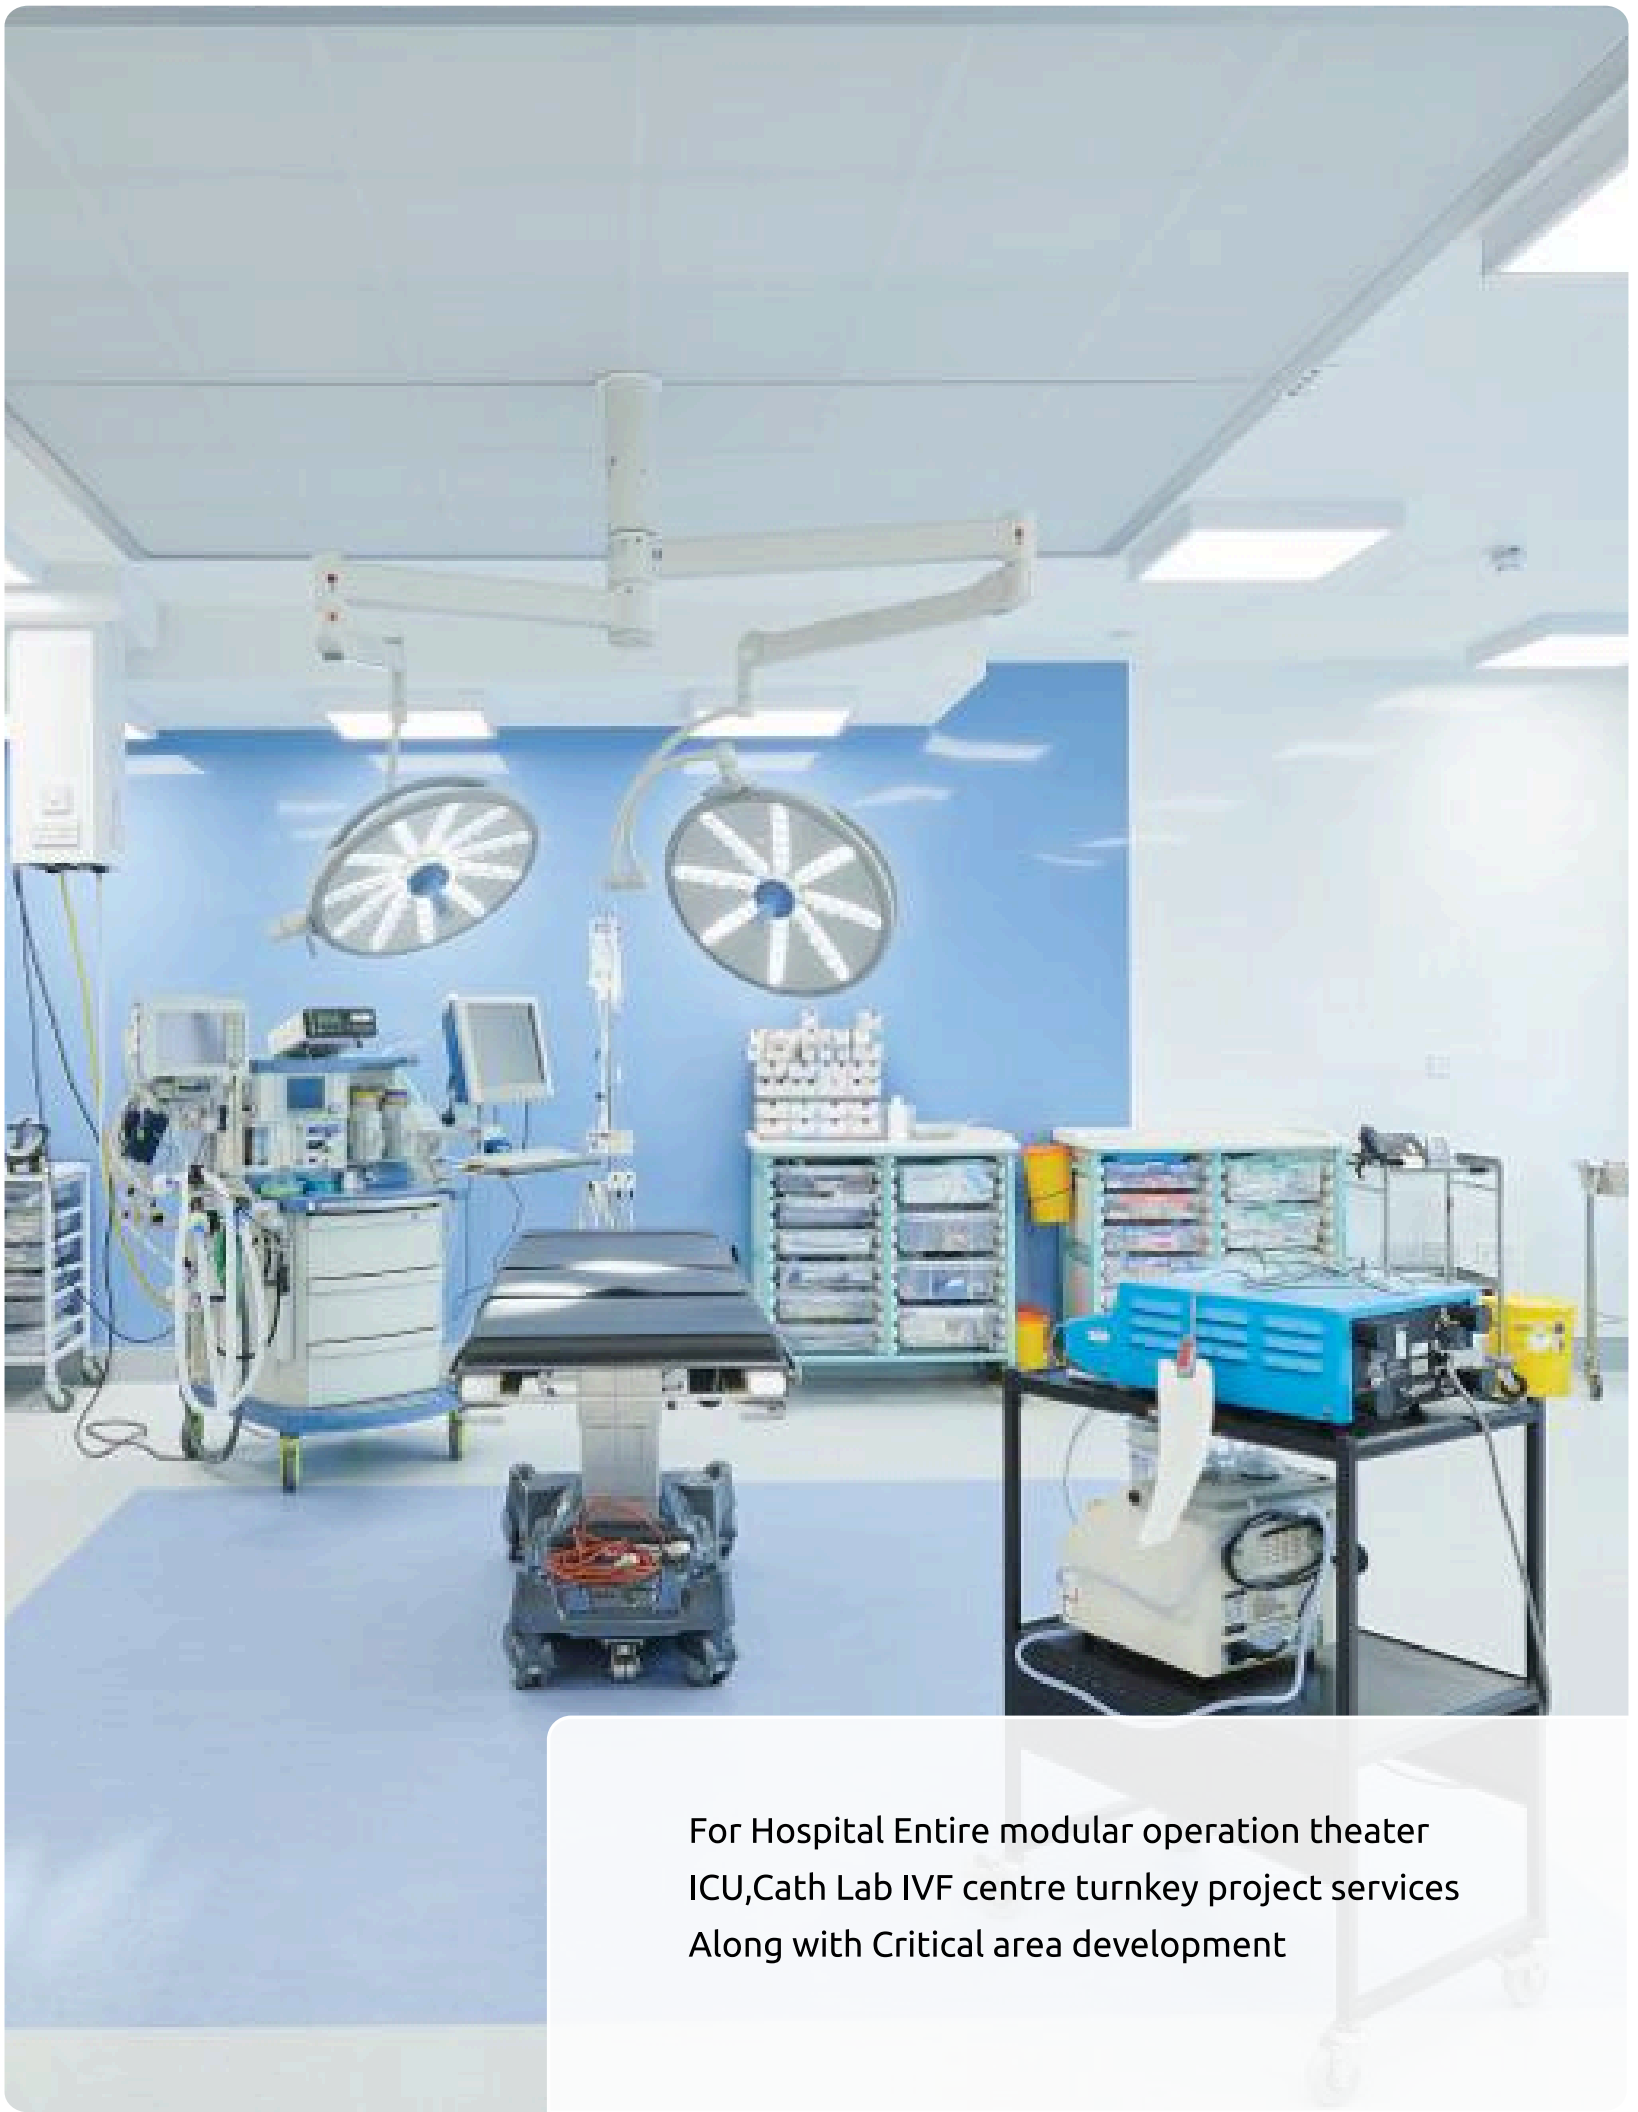

INDUSTRIAL DOORS

All door heavy duty & Multipurpose use for any application for any industial uses
All fire doors are with fire rating certifications

Insulation Put(40Kg/M3),Rock Wool (96Kg/M3), PRI-Puff Fire Resistance Material Airtight Construction: All doors Must Be Airtight To Prevent The Passage Of Contaminants. This Is Achieved By Using Gaskets And Seals To Create A Tight Connection Between The area.

MODULAR OPERATION THEATER AND ICU FOR HOSPITAL

For Hospital Entire modular operation theater
ICU,Cath Lab IVF centre turnkey project services
Along with Critical area development

COMPLETE TURNKEY LAB SOLUTION

TURNKEY CLEANROOM FURNITURE SOLUTIONS FOR LABORATORIES

Our cleanroom and laboratory furniture is engineered for sterile environments, featuring stainless steel workstations, seating, trolleys, UV-sterilized storage, and units built to meet strict hygiene standards.

CLEAN ROOM FURNITURE

- Work Stations in SS Construction
- Post mortem Tables in SS Construction
- SS Trolleys in various designs
- Garment Storage Cabinets
- Clean Garment Storage Cabinets (UV Sterilization)
- Slotted angle racks in SS Construction
- Cross over bench
- Shoe rack for clean room applications
- Stools and Chairs in SS Construction

CLEAN ROOM EQUIPMENT

- Static Pass Boxes
- Dynamic Pass Boxes
- Stand Mounted Laminar Flow Unit
- Mobile Laminar Air Flow Unit
- Ceiling Suspended Laminar Air Flow Unit
- Reverse Laminar Air Flow Unit
- Sampling Booth
- Dispensing Booth
- Air Shower

LAB FURNITURES

All types of Chemical testing laboratory. Workplace turnkey projects

PRODUCT RANGE

- All Lab furnitures
- Fume Hoods
- HVAC System
- Biosefty cabinets
- Laminar air flow system
- Pass box
- Chemical Storage cabinets
- Sinks, taps and related accessories
- Animal House Equipment
- Individually Ventilated Caging System for rodents.
- Conventional Caging system for Rodents and rabbits
- Caging System for dogs and primates.
- Hen Isolators
- Metabolic Caging System for mice and rats.
- Bedding Disposal Stations for rodents
- Animal Change Stations for rodents
- Animal Enrichment Parts
- Trolleys in different designs
- Laboratory work tables
- Cabinets for work tables
- Work tops for work tables
- Overhead cabinets for work tables
- Sockets, switches and other electrical accessories
- Reagent Racks
- Electrical Raceways
- Vertical service pendants (Droppers)

OUR SERVICES

We provide entire chemical testing facility project Including Electrical,Hvac,Clean Room,Partition,Ceiling,Doors, and all services and utilities

WORK STATION

SMART, DURABLE & ERGONOMIC LABORATORY WORKSTATIONS

Our lab workstations are designed to support a wide range of scientific applications while maintaining optimal workflow, safety, and flexibility. We offer modular and customizable solutions to fit your space and requirements.

KEY FEATURES

- Modular design for scalable configurations
- Chemical-resistant countertops and surfaces
- Integrated electrical, data, and utility management
- Ergonomic layouts to enhance productivity
- Custom storage and cabinetry options

Our solutions cater to diverse sectors including pharmaceuticals, R&D labs, educational institutes, and industrial labs—built for performance, designed for precision.

FUME HOODS

ENGINEERED FOR SAFETY, BUILT FOR PERFORMANCE

Our range of high-efficiency fume hoods ensures a safe working environment by effectively controlling hazardous vapors, fumes, and particles during lab processes. Crafted to meet international safety standards, each unit is tested for reliability and performance.

TYPES AVAILABLE

- Bench-top Fume Hoods
- Walk-in Fume Hoods
- Ductless Fume Hoods
- Customized and Specialized Applications

HIGHLIGHTS

- Excellent containment and airflow stability
- Corrosion-resistant internal surfaces
- Easy maintenance and energy-efficient operation
- Integrated lighting and airflow monitors

Built to protect people and processes, our fume hoods are a cornerstone of a safe laboratory ecosystem.

ACCESSORIES

ENHANCING LAB FUNCTIONALITY WITH PRECISION ACCESSORIES

Complete your lab infrastructure with a wide range of thoughtfully engineered accessories that improve efficiency, usability, and organization. Our accessories are compatible with all major laboratory systems and adaptable to changing work environments.

PRODUCT RANGE

- Lab sinks, water taps , and eyewash stations
- Reagent shelves and utility panels
- Pegboards and drying racks
- Mobile and fixed storage units
- Keyboard trays, and task lighting
- Spot extractor

Each accessory is manufactured with high-grade materials to ensure durability and long-term use under rigorous lab conditions.

HVAC SERVICES

Air handling units

Air Cooled Water cooled Chillers

Dehumidifiers

VRV/VRF System

CREATING CONTROLLED ENVIRONMENTS WITH PRECISION AND EFFICIENCY

Our cleanroom HVAC solutions are engineered to deliver unmatched control of temperature, humidity, pressure, and air purity—ensuring consistent performance, regulatory compliance, and operational efficiency.

KEY FEATURES

- Precision Environmental Control
- Advanced Filtration Systems
- Laminar & Turbulent Flow Design
- Energy-Efficient Operation
- Pressure Cascade Management
- Reliable Air Change Rates
- Integrated Monitoring & Automation
- Low Noise & Vibration Design
- Flexible & Modular Systems
- Compliance Assured
